

CICC PROFILE SUMMARY

MISSION :

The CICC has been created to provide a platform of communication, interaction and business opportunities to entrepreneurs / investors and professionals across the world.

PURPOSE :

For mutual benefits, using the international network of professionals involved not only in the corporate structure but also involvements of companies and investors / trade organizations / entrepreneurs through various levels of CICC's membership.

GOALS :

- Economic Development.
- Investment Promotion.
- International Trading.
- Identifying and initiating Investment.
- Financial Support through our Financial Partners.
- Identification of business sectors of interest with a focus on under developed countries.
- Creation of Banking License for CICC.

This will be achieved through :

- Tailored trade missions to exclusive destinations per sector of interest.
- Organization of International business conferences.
- International projects brought forward by members and directors.
- International business rounds by sector to promote business and further development.
- Tailored events designed by our Board of Directors in response to specific needs of our membership.
- Creation of international headquarters that expand the network on the ground, allowing for better connectivity between governments and institutions at public and private levels.
