

Press Release

CICC Launches Global Program for Economic Development (2025–2030)

Establishing a Worldwide Infrastructure for Growth, Innovation & Strategic Cooperation

Council of International Chambers of Commerce (CICC) proudly announces the launch of its Flagship Global Program for Economic Development (2025–2030) — a bold initiative designed to accelerate sustainable growth, foster innovation, and build lasting partnerships across 150+ countries.

Global Establishment: Headquarters, Regional Offices & Economic Diplomacy Bureaus

CICC is entering a transformative phase with the worldwide establishment of its HQs, Regional Offices, Economic Diplomacy Bureaus, and Commercial Trade Branches in over 150 countries, ensuring on-the-ground coordination, national collaboration, and support for cross-border development initiatives. These centers will serve as catalysts for investment, public-private partnerships, and direct support to governments and enterprises.

Board Expansion: Appointments Across All CICC Governance Levels

To oversee and guide this global transformation, CICC is pleased to announce the nomination and onboarding of new board members across all governance levels:

- International Executive Committee
- Executive Board
- Advisory Board
- Board of Commissioners
- Honorary Council Members

This expanded leadership structure will ensure strategic oversight, transparency, and localized effectiveness.

CICC Mega Projects: Transforming Economies at Scale

Under the Economic Development Program (2025–2030), CICC will initiate and coordinate Mega Projects in key sectors including:

- Smart Cities & Industrial Zones
- Transport & Logistics Corridors
- Green Energy & Sustainability Initiatives
- Digital Economy & Financial Innovation
- Real Estate & Infrastructure Development
- Youth Talent & Skills Development Programs
- International Export–Import Trade Platforms

Each project is tailored to regional needs while aligned with CICC’s global objectives for inclusive prosperity and sustainable impact.

Strategic Government Partnerships & Joint Initiatives

CICC is working closely with national governments, ministries, and economic agencies to implement co-branded development programs, foster bilateral and multilateral cooperation, and support national economic agendas through:

- Public-Private Partnerships (PPPs)
- National Investment Programs
- Government-Endorsed Trade Missions
- Technical Assistance & Policy Development

Global Conferences & the CICC Economic Development & Investment Forum

A central pillar of the 2025–2030 program is the CICC Economic Development & Investment Forum, a high-level annual event series bringing together:

- Heads of State and Ministers
- Global CEOs & Industry Leaders
- Investors, Innovators & Development Agencies

The forum will rotate across continents, promoting cross-border dialogue, investment opportunities, and actionable outcomes for emerging and developed economies alike.

Join the Movement for Global Economic Advancement

CICC invites governments, chambers of commerce, corporations, academic institutions, and impact investors to join this historic journey toward economic transformation, sustainable innovation, and inclusive global prosperity.
